

Steel Wire Cutter

HEAVY DUTY

CONTRACTOR QUALITY

Steel Wire Cutter

Heavy duty, high leverage design provides singlehanded cutting action on a wide variety of hard to cut materials. Blade is designed to ensure a clean cut without pinching or crushing. Maintains concentricity to allow fittings and terminals to go on easily.

- Contractor quality
- Forged from chrome molybdenum & hardened to 58-60 HRC
- Rust resistant electrophoretic deposition finish
- Smooth spring action for easy, repetitive cutting
- Handles contoured for comfortable hand grip

Application

Material / Cutting capacity

- Stainless steel wire (3.0mm / 1/8" / 0.118")
- Stainless steel wire rope (2.0mm / 5/64" / 0.079")
- Piano wire (3.0mm / 1/8" / 0.118")
- Iron wire (4.0mm / 5/32" / 0.157")
