

Xpress Jack™

Seats and trims
all 8 conductors
in one motion.

The Xpress Jack™ is designed to make keystone jack terminations easier than ever. Seats and trims all 8 conductors in one simple and smooth motion. No more punching down 8 times for a single termination. Saves time and energy on both small and large jobs.

Features:

- One stroke keystone jack terminations
- Heavy duty all carbon tool steel construction
- Designed for 110 type 4 pair keystone jacks
- Rust resistant black oxide finish
- Comfort grip TPR handles. Reduce hand stress on large jobs with prolonged use

Application/Technical Data

- Die set for Platinum Tools Keystone Jacks and other similar designs
- Die set available for Leviton Keystone Jacks
