

SealSmart PROCON Compression Tool

- Versatile
- Fast
- Reliable

NEW!

SealSmart™ PROCON Compression Tool

The newest addition to the SealSmart product line is designed for professional contractors installing CATV & CCTV networks. Provides quick, reliable results every time! Engineered for long life, this rugged tool features a patented rotating connector positioner-head and multi-head adapter – switch coax cable sizes and connector types on the fly.

- Head rotates to switch from RG6Q/6 to RG11/7
- Connector positioner rotates to change between F, BNC or RCA
- Adjustable crimp stroke
- Accommodates all standard compression F, BNC, RCA & right angle connectors
- Convenient, easy to use, all-in-one compression tool
- Guide rule on side of tool
- High carbon tool steel frame – built to last
- Comfortable, molded handle

Application

- CATV
- CCTV
- Satellite
- Security
- Home Theater
- Residential and commercial structured wiring

Technical Data

- Dimensions: 7" X 2 1/2" X 1"
- Weight: 15.2 oz.

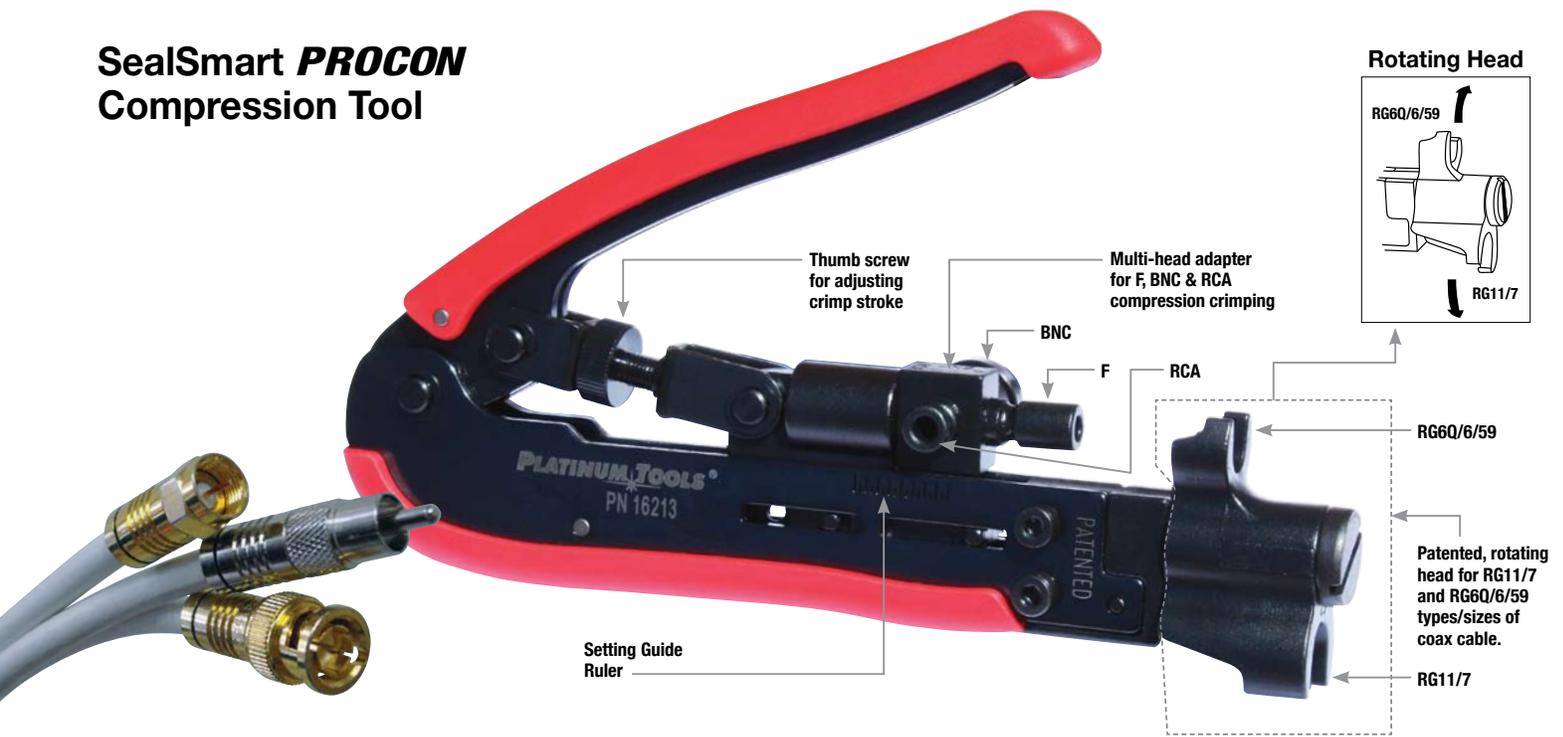

Compression Connector Types	Coax Cable Types
F	RG7
BNC	RG11
RCA	RG6 Quad
Right Angle	RG6
	RG59

SealSmart *PROCON* Compression Tool

Double-Ended Coax Stripper

This lightweight, compact tool quickly and easily strips a broad range of coax cables, in a single step, without any adjustments. The blades are designed so the ultimate result is a 1/4" braid, 2-level strip, the standard preparation for compression connectors.

- Works with RG7/11/213/8 and RG59/6/6 Quad cable types
- Quickly and easily remove the cable jacket and inner conductors in a single step
- Control the cutting depth by the number of rotations made around the cable
- Preset, no adjustments required

15020C Double-Ended Coax Stripper -
RG7/11/213/8 and RG59/6/6 Quad
