

Made in the  
United States of America

This SCS Dual-Wire Fabric Wristband is available in one size that adjusts to almost any size wrist to provide reliable protection. The wristband provides full conductivity, comfort and reliability, while ensuring continuous drain of static charge when used with SCS 2300 Dual-Wire Coil Cords (not included). Made to be used in conjunction with all [SCS Workstation Monitors](#). Meets requirements of ANSI/ESD S20.20 and Wrist Strap standard ANSI/ESD S1.1.
