

# Aluminum Manifolds

Visit us at [www.TestEquipmentDepot.com](http://www.TestEquipmentDepot.com)

The new Robinair aluminum manifold bodies are constructed from solid aluminum for added durability needed for repeated, tough daily use. Contoured easy to grip hand wheels are color coded for quick and easy identification.

- Improved face seal valves. Better design provides a tighter seal, less wear and improved flow
- Proven, double O-ring piston design for extra reliability and longer service life
- Easy to read 3 1/8" gauges protected by Lexan lenses
- Aluminum Manifolds include sight glass
- 1/2" ACME fittings
- Manual 90° fittings
- Side R-134a hose holders

**48510 R134a Manifold Hose Kit**

- 90° Manual couplers
