Illuminate Your Microscopic World with Precision and Ease

Designed for seamless integration with both traditional and digital microscopes, this LED Back Light is the pinnacle of illumination technology! The adjustable LEDs in the active 4" x 4" area provides a bright, consistent light source, ensuring clear visibility for intricate examinations.

Key Features

- **Enhances Contrast:** Significantly improves the contrast of a specimen, making it easier to distinguish between the different structures within the sample
- **Adjustable LEDs:** Effortlessly adjust the intensity of the LEDs with the convenient front dial
- **Metal Sleek Electroplating Black Finish:** Adds a professional touch to your laboratory while promising durability
- **Heat Sink Power Box Cooling System:** Maintains optimal performance without the risk of overheating
- **Easy Installation:** Strategically placed mounting holes with an included power cable for easy setup

Back Light LED Panel 4" x 4"	
Item #	26200A-533
Active Area	4" x 4"
Output Power	4W
Material	Metal
Surface Treatment	Electroplating Black
Power Box Cooling System	Heat Sink
Net Weight	1.76 lb
