

BESANTEK Thermo - Hygrometer Widely Applied to Laboratory Fields, Food Industry, Medical Application, Pharmaceutical Industry, Industrial Application, Environmental Protection Areas, and Agricultural Research Fields.

**Features:**

- Adopt high Sensitive Sensor with Fast Response and High Accuracy.
- Selectable °C or °F .
- Large LCD Display.
- MAX \ MIN and Current Value.
- Clock/Date Display.
- Reliable & Stable.
- 1x1.5v - AAA Battery.
- Indoor\Outdoor Temperature Measuring.
- Indoor Humidity Measuring.

**BST-HYG2****Technical Specification:**

<b>BST-HYG2</b>	
Indoor Temperature Measuring Range	- 10 ~ 50°C ( -14 ~ 122°F)
Outdoor Temperature Measuring Range	- 50 ~ 70°C ( -58 ~ 158°F)
Temperature Accuracy	±1°C (±1.8°F)
Humidity Measuring Range	10%RH ~ 99%RH.
Humidity Accuracy	±5.0%RH

**Ordering Information:**

- BST-HYG2 : Large Display Thermo-Hygrometer.
