

BESANTEK Digital Thermometer Widely Applied to Laboratory Fields, Food Industry, Medical Application, Pharmaceutical Industry, Industrial Application, Environmental Protection Areas, and Agricultural Research Fields.

Features:

- Adopt High Sensitive Sensor with Fast Response & High Accuracy.
- Selectable °C or °F.
- LCD Display.
- Data Hold Button.
- Reliable & Stable.
- ON/OFF Button.

**Technical Specification:****BST-HYG5**

BST-HYG5	
Temperature Measuring Range	-50 to 300°C (-58 to 572°F)
Resolution	0.1°C /°F
Power Supply	1.5 V

Ordering Information:

- BST-HYG5: Digital Thermometer.
