

# DIGITAL DIFFERENTIAL MANOMETER

Measure static and differential pressure in air and gas systems

Strong magnet on back for hands-free operation

# DIGITAL DIFFERENTIAL MANOMETER

Monitor and troubleshoot problems in HVAC systems with the ET180 Digital Differential Manometer from Klein Tools. Measure static and differential pressure from two ports in air and gas systems. Easily toggle between units: inH<sub>2</sub>O, bar, oz/in<sup>2</sup>, psi, mbar, kPa, inHg, mmHg, kg/cm<sup>2</sup>, ftH<sub>2</sub>O, and cmH<sub>2</sub>O. Large, backlit LCD shows values when toggling between maximum, minimum, and average. Magnet on back for hands-free operation.

## Includes:

- Differential Digital Manometer
- 2 m of 1/8" ID Silicone Tubing
- 3 x AAA Batteries
- Storage Pouch
- Instructions

**Tapered stainless steel ports** securely fit hoses from 1/8" to 5/16"; Use single hose for ambient pressure or both hoses for differential pressure

**Large LCD** provides clear indication of functions, battery life, measurement, and units

**Strong magnet and battery compartment** on back

Toggle between **maximum, minimum, and average values**

Easily toggle between **11 different units measured**

**Power on** to take measurements; **Auto-Power Off** feature conserves battery life

**Hold button** locks current reading on the display

**P1/P2 button** provides Port 1, Port 2, and differential measurements

**Backlit display** provides easy viewing in low light conditions

**Automatically zero** the meter before starting measurements
