KLEIN TOOLS

WIFI ENABLED
BORESCOPE

The new Klein Tools' ET20 Borescope can be quickly connected to your smartphone via the built-in WiFi signal — turning the phone in your pocket into a smart tool. Install the compatible App* on your smartphone to display, record, store and also share your images and videos via text or email. This smart tool provides the information you need to make your job easier.

This Borescope enables you to capture high-quality 640 x 480 pixels photo and video directly to your device from up to 30 ft. (9 m) away. It features a waterproof† 9mm camera with durable, armored 6 ft. (1.8 m) flexible gooseneck cable, on-board LED lights, convenient pocket clip and rechargeable lithium-ion battery.

WiFi connection indicator

Battery status indicator

Camera LED output buttons increase and decrease brightness

IP67 waterproof 9 mm camera with 6 on-board, adjustable LED lights output high-quality 640 x 480 pixel images

Power button

Tough, armored 6 ft. (1.8 m) long waterproof camera gooseneck maneuvers around obstacles while maintaining rigidity
