FIND CARBON MONOXIDE FAST!

Get real-time results

The SCM4 Carbon Monoxide (CO) Detector has a very fast reaction time, and measures CO in parts per million (ppm). Its electrochemical sensor is fast enough for walk-around tests. The SCM4 responds to changes in CO levels in real time.

Carbon Monoxide Detector, SCM4

- **Field-replaceable CO sensor**

- **Calibrate to ambient quickly with the ZERO button**

- **Audio/visual alarms with mute**

- **Fast electro-chemical sensor**

- **Bright-blue backlit dual-display to test in dark crawl spaces**

- **Magnetic hanger for hands-free testing**
