

IR320 Waterproof Dual Laser IR Thermometer with Alarm

A. HVAC/R Diagnostics - Diagnose ventilation systems outdoors in rain or shine conditions
B. Insulation Inspection - Blue LED flashes when temperature is below low alarm set point
C. Automotive troubleshooting - Red LED flashes when temperature is above high alarm set point

Rugged design with 9.8ft (3m) drop protection. Extech IR320 provides temperature measurements up to 650°C. Its dual laser target area between a 12:1 distance to spot. Features a programmable High (HI) and Low (LO) alarm. Includes a Lock function for continuous measurement.

Features

- Measure non-contact temperature up to 1202°F/650°C
- High basic accuracy with adjustable emissivity
- 12:1 distance to spot (target) ratio
- Dual laser pointer identifies target area between the two points (~1"/25mm diameter of measured area)
- Programmable alarm with visual alert — LCD displays LO with Blue LED flashing when reading falls below Low alarm set point; LCD displays HI with Red LED flashing when reading exceeds High alarm set point
- Automatic Data Hold when trigger is released
- MAX/MIN/AVG/DIF functions
- Waterproof (IP65 rating) with 3m drop-proof protection
- Bright backlighting illuminates display for taking measurements at night or in areas with low background light levels
- Lock function for continuous temperature measurement without pressing the trigger
- Tripod mount for hands-free operation (Tripod sold separately - TR100)
- Auto power off
- Low battery indicator
- Complete with 9V battery and soft case

Specifications	Range	Max Resolution	Basic Accuracy
Temperature	-4 to 1202°F (-20 to 650°C)	0.1°F/°C	±(1% of reading + 2°F/1°C)
Distance to Target	12:1		
Emissivity	0.10 to 1.00 (adjustable)		
Dimensions/ Weight	7.4 x 4.6 x 2.2" (189 x 118 x 55mm)	10.3oz (292g)
