

Introducing the new  
**JX-20 & JX-30**

The next generation of moisture meters is here, with the introduction of the **Navigator™** series and **EDGE™** app from Delmhorst.

# NEW JX-20 AND JX-30

The **JX-20 and JX-30** are the latest meters in the new Navigator family! Bringing lumber/woodworking, flooring professionals and inspectors two more professional-grade, accurate and versatile tools to address moisture issues and perform your job with complete confidence. The JX-30 features the Delmhorst **EDGE™** app with expanded wood species, customizable settings, and the ability to share data from any location.

## Features

- Large, custom display with auto backlight – easy to read under all conditions
- On-screen readings statistics – High, Low, Average, Standard Deviation, Last 10
- Wood temperature correction (°F/°C)
- Bluetooth® connectivity (JX-30)
- Species - JX-20 - 74 included; JX-30 – 100 plus 123 additional available
- Color-coded LED's – adjustable through **EDGE™** app (JX-30)
- Pins/electrode correction (insulated or non-insulated)
- Alarm set point - alerts to user-selected MC level
- Internal calibration check
- “Low Batt” warning with audio
- Auto off timer. Set to 1m, 4m or 10m
- Compatible with any Delmhorst external electrode.

## The Delmhorst **EDGE™** app offers:

- Timestamp and geotag
- Data export to .csv format
- Save unlimited readings
- Customized LED ranges
- Multi-language
