

Introducing QuickNav 3-in-1 Moisture Meter

Quickly and Accurately Calculate Dewpoint, Grains Per Pound And Vapor Pressure

QuickNav, Delmhorst's easy to use 3-in-1 meter, offers pin mode, scan mode, and thermo-hygrometer in a single handheld unit. The QuickNav will instantly calculate dewpoint, grains per pound (GPP) and vapor pressure for fast, accurate moisture measurement.

QuickNav offers the same high performance pin mode, scan mode, and thermo-hygrometer as our industry leading NavigatorPro, in an easier to use format. If you are looking for the versatility of a 3-in-1 meter and do not need to store and download readings, QuickNav is the answer!

- ✓ Pin penetration depth of 5/16"
- ✓ Scan depth of 3/4"
- ✓ Adjustable alarm alerts you when preselected moisture level is reached, easily compare to established dry standard
- ✓ Moisture range of 6-60% on wood and 0.1-6% on drywall
- ✓ Scan range of 0-300 numerical reference scale
- ✓ Measures temp -40°F-255°F (-40°C-124°C)
- ✓ Dewpoint -40°F - 176°F
- ✓ Calculates Vapor Pressure
- ✓ Grains Per Pound (GPP) 0.1 – 3820 GPP (0.1 – 545GPK)
- ✓ Backlit LCD screen
- ✓ Convenient hold feature allows you to hold the displayed reading when testing hard to reach areas
- ✓ 1 year warranty

Save Time • Stay On Budget • Avoid Call-Backs

For more than 65 years, Delmhorst Instrument Co. has been the leading manufacturer of American-made high-quality moisture meters and thermo-hygrometers. Delmhorst meters undergo independent third-party testing to meet rigorous standards. Used for a wide variety of applications, including restoration, IAQ, flooring, woodworking/lumber, construction, agriculture and paper.
