

HOBO[®] S-EXT-CASE2

Weatherproof Extension Housing

A 6.5-inch long, Xenoy weatherproof housing that protects the connection between sensors and sensor extension cables (S-EXT-M0xx).

Key Advantages:

- Provides weatherproof protection for connections that withstands short-term submersions.
- Easy, clean assembly - no tools or silicone grease required.
- Includes housing, rubber stoppers and Grip-It[®] lubricant.
- 1 " diameter x 6 " long
