

INTRODUCING

ALL NEW WIRELESS REFRIGERANT SCALE, SR47

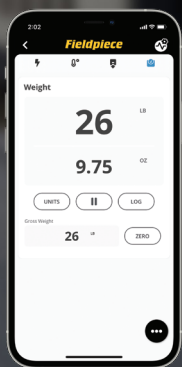

Tough enough to handle the heaviest tanks in the industry

New Fieldpiece Wireless Refrigerant Scale, SR47 is built with you in mind. The scale has a large platform for bigger refrigerant tanks and wirelessly connects to the Job Link® System. The SR47 has industry-leading battery life, wireless range and accuracy, and features unmatched reliability and convenience.

Wireless Refrigerant Scale, SR47

- 13" platform to fit larger tanks and integrated bumpers for increased durability
- Strong enough to hold a maximum load of 252 lbs
- Wireless remote control with LED backlight can be stored inside the scale, and makes viewing data easy
- Industry-leading accuracy: $\pm 0.03\%$ rdg + 0.25 oz
- Lightweight. Total weight of scale and remote is ~7 lbs
- Water resistance can handle any job site
- Connects to the Job Link® System App with 1000' wireless range and Digital Manifolds SM480V & SM380V
- Platform battery lasts 200+ hours

Wireless Refrigerant Scale, SR47 Specifications

Maximum Load	252 lbs (114kg)
Platform Dimension	13 inches
Accuracy	±0.03% rdg + 0.25 oz
Weight (includes platform, remote and case)	~7 lbs
Best Resolution and Units	lb oz (0.25 oz) kg g (10 g)
Power Source	9v (remote display) 6 x AA (platform)
Battery Life	Remote display: 80 hours typical alkaline (without backlight) Platform: 200 hours typical alkaline
Wireless Range	1000 feet (305 meters) line of sight from remote and mobile app
Remote Display	(1.88 in.) Blue LED light display for dark conditions
Water Resistant Rating	Remote - IP64, Platform – IP54
What's in the Box	Scale platform, wireless remote, batteries, carrying case
