

ST20D DO Pen Meter

Water Analysis Pen Meters

Convenient Dissolved Oxygen (DO) Measurement at your Fingertips

For over a century, OHAUS has perfected the art of measurement through our line of weighing products. Taking a similar approach to our weighing equipment, OHAUS now delivers Starter 20D - a Pen DO Meter that is durable, practical and affordable. The ST20D is perfect for every application that requires portable operation and quick results!

Standard Features Include:

- **Simple Operation in a Slim and Portable Design**—Simple and easy to operate, ST20D guarantees convenient measurements that you can rely on every time. Slim design ensures maximum portability for measurements on-the-go.
- **Durable Construction to Withstand Wear and Tear**—With durable plastic housing, a protective cap that safeguards the probe and an automatic shutdown feature that preserves battery life, the ST20D can endure consistent use in rugged environments.
- **Designed for Maximum Protection with Waterproof Housing and Wrist Strap**—The IP67 waterproof design ensures maximum protection by preventing water damage if accidentally dropped into liquid, and come equipped with a wrist strap to avert unintentional dropping.

ST20D DO Pen Meter *Water Analysis Pen Meters*

Model	ST20D
Measurement Range	0.0 to 19.9 mg/L
Resolution	0.1 mg/L
Accuracy	± 0.5 mg/L
Battery	4 AG13 1.5V Micro Alkaline Batteries
Dimension	185 mm × 42 mm × 37 mm
Weight	90 g
Auto-off	After 15 Minutes Of Inactivity
Auto Temperature Compensation Range	5 to 45 °C (41 to 113 °F)
Materials	ABS

Accessories

Electrode for Pen ST20D 30222083

Membrane & Electrolyte for ST20D 30222084

Compliance

- **Electromagnetic Compatibility:** EN61326-1 – Class B, Basic environments
